J. R. Galt read a report and the high spirit of the and summarized striking successful work for public and fellowship. Following his report of the nominating was read and adopted, the being as follows:

Chairman Men's League, Honolulu.

Dear Sir:—The nominating committee appointed by your goodness to nominate officers to serve for the ensuing year beg leave to report as follows:

For chairman, Judge W. L. Whitney; vice chairman, Dr. W. C. Hobdy; secretary, Mr. H. T. Fitts; treasurer, Mr. Malcolm McIntyre. Councilors: Messrs. J. R. Galt, Jas. D. Dole, H. F. Wichman, John T. Warren, D. F. Thru and E. W. Sutton.

Respectfully submitted,

P. C. ATHERTON, Chairman.

W. H. BABBITT.

CHAS. R. FRAZIER.

With the adoption of this report, the chairman declared elected the officers as nominated and then followed the moving of resolutions by Walter F. Dillingham, Rev. A. A. Ebersole and E. A. Mott-Smith as follows:

By Mr. Dillingham "That the Men's League continues its support to the Pa Ola Day Camp; that we endeavor to raise during the coming year an amount equal at least to that contributed last year; and that the new chairman elected tonight be authorized to appoint a committee to make the canvass at the proper time for this fund."

By Mr. Ebersole "That the Men's League continue its support to the juvenile court through the Big Brother Movement, and that a committee be appointed by the incoming chairman to solicit for more Big Brothers in an endeavor to take care of at least double the number of boys the coming year."

By Mr. Mott-Smith—"That this being the year when the legislature sits in session, the League undertake through its executive committee to arrange for a series of public meetings between now and the opening of the Territorial legislature, for discussion of specific lines of legislation which seem important to the welfare of this community and Territory—that we endeavor in this way not only to create public sentiment in favor of such legislation but by specially appointed committees assist in drafting suitable bills and in securing their enactment."

These resolutions were all advocated by the executive committee and passed unanimously.

In his report, which will be published in more detail by the Star-Bulletin later, Retiring Chairman J. R. Galt gave the average membership of the League for the last four years as 200, and said that the gross receipts collected amount to almost \$10,000. He read brief reports covering the work of the various sections, and the fire record of the Pa Ola Day camp in caring for tuberculosis cases was dwelt upon in some detail.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Constipated Tongue or Constipated Bowels by morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.

The next mail due from the mainland is reported as on board the Pacific Mailer Nile, which vessel is expected here on the morning of November 29th.

The Pacific Mail liner Persia, scheduled for dispatch on Dec. 3rd, will carry the accumulation of mail to the mainland following the departure of the Matson Navigation steamer Lurline this evening.

PILIKIA PILES HIGH ON AKAKA'S OLD SHOULDERS

Troubles never come singly for some people, and this is the case with Akaka, the aged Chinese who for years has lived in Waipio valley, where he has been engaged in growing rice and taro. Five years ago a freshet swept over the valley and covered his fields with dirt and gravel. Akaka went to work again, cleared the land and planted new crops. He made enough money this time to take a trip to China, and on his return he found that the man whom he had left in charge of his place had played havoc with the estate, and he was forced to begin all over again to make his fortune.

His next step was to plant a new crop, and then he purchased six mules, which at once proceeded to get the ganders, and they had to be shot. The territorial veterinarian then made a trip to Waipio valley, and reported that of the twenty-eight remaining horses and mules belonging to Akaka, he had found twenty-six afflicted with glanders and had ordered them killed.

Without horses or mules, Akaka could not cultivate his crops or take them to the market, and at last help came to him in the form of the sugar planters in the vicinity, who decided that the old man should have another chance. It was reported by Albert Waterhouse yesterday that the planters will lend Akaka all the horses and mules he needs in order that he may try again to raise another crop.

HAWAIIAN RANSACKS ROOMS IN HOTEL

[Special Star-Bulletin Correspondence] HILO, Nov. 25.—A Hawaiian youth named J. Chase, who came to this city from Honolulu several months ago, was caught last Saturday evening just after he had come out of the window of the room in the Hawaiian Hotel which was occupied by George Angus of Honolulu. So far as can be ascertained he had taken nothing, though he had gone through all four rooms in the cottage which he had entered. His entrance to the hotel was made by an open window and was watched by a young Hawaiian, who called to his assistance a local newspaperman whose cottage adjoins the hotel grounds.

When the intruder emerged from the window he was caught in a cul-de-sac, between two cottages and had no way of escape, so was taken in charge by the newspaperman and turned over to the police when they arrived in response to a telephone call. All four rooms in the cottage were occupied but the tenants had

all gone to dinner at the time, leaving a clear field of operation. Chase has been working for John Brown on his belt road contract and, with the exception of one arrest recently for assault, had no police record as far as is known. As nothing had been taken from any of the rooms Chase was booked as a disorderly person and the case will come up on Tuesday.

back and spent ten days in California. "British Columbia is in a very prosperous condition—in fact it is the most prosperous region I visited in my travels. Both Vancouver and Victoria are going ahead at a wonderful rate, and people are pouring into the country even from the states."

"While in the East I took in six out of the eight championship baseball games. Also I saw a good many football matches, including that between Harvard and Princeton of the second of November, undoubtedly the best game of football played this year. In this game young Rex Hitchcock of Hawaii distinguished himself, playing best of anyone in the Harvard rush line, he being right tackle. A

I was informed that not only in athletics does he shine, but he stands very high in his studies. "Of course the election has been very decisive, and I for one am exceedingly glad that the Democrats are going to have a special session to legislate on the tariff. It means that the tariff question is going to be settled promptly. Everybody knows that a reduction of the sugar tariff is coming, and we will know soon just what it is going to be and adjust our affairs accordingly."

threat President Taft will be utterly helpless. He will have no other alternative than send in the name of Governor Frear and permit it to drift along until March 4. After that date the new president would be forced to take early action because the vacancy would then have been pending for more than fifteen months. Mr. Dixon will be a Senator until that time and in a position to carry out his declared intention of holding up confirmations.

PRINCIPALS IN RECITAL ARE THOROUGH ARTISTS

Mrs. Howard—one of the principals in Monday evening's recital at the Young Hotel Pavilion—is a musician of much magnanimity. It is quite a jump from England to the Hawaiian Islands, but nothing is too much for Mrs. Howard. She is thinking of remaining here for some time and give lessons by the Matthew Method, which is revolutionizing the piano-forte world. Mr. Laraway the other principal of the recital is a young man of exceptional ability—a profound student of Shakespeare—who has taught dramatics extensively on the coast as well as acting the leading parts in such plays as "The Girl With the Green Eyes" in San Francisco and elsewhere.

The feature of this recital is that it combines dramatics, music and singing. This makes a pleasant diversion from the usual dry routine of one and only one form of amusement in recitals.
